

WHY I VOLUNTEER...

"As volunteer leader of the weekly adult creative support group at shelter I often observe amazing growth in the self-confidence of the residents. As they use their creative skills to complete projects they become more relaxed and share their thoughts and feelings. Volunteering at shelter is a wonderful and fulfilling opportunity."

- Denneice
Shelter Volunteer

"I am the calm for men, women and children in crisis. Volunteering at Vera House allows me the opportunity to offer guidance and support for those in need. It is very rewarding and a privilege to be part of the Vera House community."

- Bianca
Sexual Assault Volunteer

"As a Vera House volunteer, I get back much more than I give."

- Sue
Crisis Call Volunteer

"My volunteering at Vera House has helped me to appreciate the simple act of smiling - and laughing . When I can watch a group of women who have been through some terrible ordeals laugh - really laugh with each other - it makes my week!"

- Taylor
Shelter Volunteer

VERA HOUSE
INCORPORATED

“My role as a sexual assault advocate has taught me life skills that I never would have been able to attain through a textbook. Being part of Vera House’s volunteer program has truly given me a sense of belonging and pride knowing I have the ability to positively make a difference in someone’s life.”

- Kristen
Sexual Assault Volunteer Advocate

“I volunteer at Vera House because of the satisfaction I get from helping people; something I did not get while working 40 years in industry. Whether it’s helping a 13 year old boy sign up for Pop Warner football and seeing the excitement in his eyes, or when I received the best “flowers” I had ever seen, a handful of leaves, for helping a child with her homework, or assisting with an order of protection knowing that I just helped to give someone peace of mind is very rewarding. These are the great feelings I get as a volunteer for Vera House.”

- John
Crisis Call, Family Court & Shelter Volunteer
