

#WALKTHETALK TO END GENDER-BASED VIOLENCE & RACISM

Although the pandemic forced us to cancel our White Ribbon Campaign Walk earlier this year, we will not be forced to cancel or ignore the important conversations that must be had to address gender-based violence, racism and oppression.

IT'S TIME TO "WALK THE TALK!"

Help us achieve our vision of creating a world free of violence and abuse and "Walk the Talk!"

Tag five friends and invite each of them to engage in conversation with you. It's a great way to connect and discuss issues that really matter.

We'll provide resources to use as a starting point, but where the conversation (and road) leads you, is entirely up to you.
